

Primary Election Day: March 1, 2016

Early Voting: February 16-26, 2016

We surveyed candidates seeking the Democratic and Republican nominations for the Texas House and Senate. These are the candidates who want to represent you at the Capitol in Austin. Answers provided have been unedited.

This Voters' Guide was compiled, published, and funded by members of **Texans for Responsible Marijuana Policy**, a broad coalition of organizations, activists, and community leaders dedicated to 1) enacting a comprehensive and compassionate medical marijuana law; 2) removing penalties for adults' possession of marijuana for personal use; and/or 3) replacing the illicit market for cannabis with a safe, legal, and accountable market. **Texas NORML** originated the guide in 2012, and we'd like to thank them for helping to put this year's guide together. Our goal is to help voters make educated decisions when they go to the polls to vote in the Democratic or Republican Primary.

Texas is one of the 27 states where voters cannot collect signatures and place a measure on the ballot to change state law. Instead, Texans must rely on our state representatives and state senators to set marijuana policies. With primary election day just around the corner, it's the perfect time to take a close look at candidates' stances. If you're not sure what state House or state Senate district you live in, you can look it up at <http://www.fyi.legis.state.tx.us/Home.aspx>.

Here are the five questions we asked the all Republican and Democratic candidates for state senator and state representative:

- 1) Do you support or oppose changing state law to allow residents with debilitating medical conditions (e.g. cancer, multiple sclerosis, PTSD) to **access whole plant medical marijuana with a physician's certification**?
- 2) Under current Texas laws, individuals found in possession of less than one ounce of marijuana can be arrested and given a criminal record, and they face up to six months in jail and a fine of up to \$2,000. Do you Support or Oppose changing state law to make **possession of less than one ounce of marijuana a civil offense punishable by a fine and no time in jail**?
- 3) Do you support or oppose changing state law to allow adults 21 and older to possess limited amounts of marijuana and establishing a system in which **marijuana is regulated and taxed similarly to alcohol**? Under such a system, it would remain illegal to consume marijuana in public or drive under the influence of marijuana.
- 4) Industrial hemp is genetically similar to marijuana but contains less than 0.3% of the psychoactive chemical in marijuana (THC). Although it is illegal to grow in the U.S., it is cultivated around the world for its seed and fiber, which are used in many legal products, such as paper, textiles, construction materials, and fuel. **Do you support or oppose changing state law to allow the cultivation of industrial hemp**?
- 5) Do you agree or disagree that states should be able to carry out their own marijuana policies without interference from the federal government?

(Key: Support/Agree or Oppose/Disagree)

Thank you for your interest in reforming marijuana laws in Texas!
Please feel free to share this voter guide far and wide.

House District 046	<p>Name: Gabriel Nila Party: Republican Comments: I am currently opposing changing state law to allow cultivation of hemp for two main reasons. At this time, the Federal Reserve is not accepting money from pot sales as the federal government still considers it an illegal drug. The money would have to go off shores since the Texas Bullion Depository make not be able to make loans to the new hemp businesses. In addition, there is a concern for federal seizures of these businesses. TRMP needs to ensure there is literature to ensure the protection of these businesses before I can comfortably change my view on hemp.</p>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

House District 049	<p>Name: Gina Hinojosa Party: Democrat Comments: I support a phased-in approach to changing laws on marijuana as other states have done, starting with a change to the medical marijuana laws and the decriminalization of possession for less than one ounce. This would allow time to learn from the experience, give us the opportunity to create a framework within which to regulate and legalize marijuana, and ensure that public safety issues are addressed. What is most important to me is that under the current system, too many youth, especially youth of color, end up with a criminal conviction on their record for possession of small amounts of marijuana that stays with them for life. As a result, they will face serious barriers to education and employment. This is unacceptable and must change.</p>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>

House District 070	<p>Name: John Bryant Party: Democrat Comments: Colorado's system seems to be working pretty well at serving the people while delivering millions of dollars in new revenue to the State. In the face of declining oil revenues it may be time for the State of Texas to look at this. Texas has done a poor job of regulating tobacco and alcohol distribution for years and maybe the experience of setting up a legal marijuana system might also improve regulation of other substances.</p>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
House District 071	<p>Name: Pierce LoPachin Party: Democrat Comments: It would be an honor to receive your endorsement. I believe Cannabis Sativa/Indica, and yes even Hemp, should be completely legalized not only here in Texas but all across the United States. I have incurable tumors in my spine, luckily they're not malignant but the tumors still hurt. House District 077	<p>Name: Evelina "Lina" Ortega Party: Democrat Comments: Our local Congressman, Beto O'Rourke has strongly supported overhauling our country's drug laws and in a very responsible way control the sale of marijuana. Last session Texas State Representative Joe Moody introduced a bill that removed criminal penalties for possession of an ounce or less of marijuana and replace the criminal penalties with civil fines. It is time to revisit in Texas the current marijuana penalties and have a serious discussion on decriminalizing for many different reasons.</p>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>

House District 097	<p>Name: Andrew T. McKernon Party: Democrat Comments: The justice system's war on drugs with regard to Marijuana has overburdened our Texas justice system with non-violent offenders and cost the Texas taxpayers untold sums. The majority of Texans support common sense legislative overhauls with regard to Marijuana. By creating a legal market that provides oversight and taxation, the illegal drug trafficking into Texas of marijuana will be overwhelmingly reduce without a black market for it. We must modernize marijuana laws in texas to reduce our burden on prisons, increase tax revenues, provide treatment to medical conditions that often have poor traditional pharmaceutical options, reduce illegal drug trafficking, and add a direct revenue stream to ailing educational institutions in Texas.</p>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>

House District 139	<p>Name: Jerry Ford Jr. Party: Democrat Comments: The deleterious effects of prohibition run from wasted resources to ruined lives. Our police devote thousands of hours to arresting, booking and imprisoning marijuana smokers, many of whom are otherwise law-abiding. These candidates declined to respond to our survey. We strongly recommend you contact them directly about their position on marijuana policy.

REMEMBER: Be courteous in your contact. Sample email:

"Hello, my name is _____. I'm a voter in your district and I'd like to know where you stand on marijuana policy reform. This is an issue that's very important to me because _____.

If elected, can I count on you to support legislation that reduces penalties for low-level possession and allows Texans with serious medical conditions to access medical marijuana?

I look forward to your response and will cast my vote accordingly on March 1st.

The Texas Legislature considered nearly a dozen marijuana-related bills in 2015. Of these proposals, both chambers of the Legislature voted on only one. Below you can find voting records for the House and the Senate and see who authored/sponsored the proposals.

Civil Penalties (HB 507) – Championed by Rep. Joe Moody, sought to eliminated the arrest, jail time, and criminal record associated with the possession of one ounce or less of marijuana — replacing them with a fine.

Amendment: PTSD Study – Offered in support of veterans, Rep. David Simpson proposed an amendment to HB 3404 seeking to study “the benefits of providing integrated care to veterans with post-traumatic stress disorder.”

Compassionate Use Act (SB 339) – This restrictive program allows Texans with intractable epilepsy to access low-THC cannabis products. Most patients are left behind and the law contains flawed language that may prevent access for even those with epilepsy.

Medical Marijuana (HB 3785) – Rep. Marisa Marquez stood strong for patients with this bill aimed to bring Texans suffering from debilitating conditions safe/legal access to medical marijuana. Unfortunately, there was no vote taken on this bill.
